

**TRACK NAME**

Guide to Southwestern Green Living – Natural Awakenings

SESSION NAME

Water Conservation Strategies at Home

DATE + TIME + ROOM NUMBER

Saturday Sept 6th – 3:00pm – Room 101B

SESSION DESCRIPTION

Living in a Desert: Water Efficiency 101 As a desert community, the Phoenix-metro area has the potential of becoming the nation's leader in reducing water use and minimizing water waste. Topics will include practical strategies, technologies and demonstrations for homeowners and home builders for water efficient landscaping, innovative wastewater technologies, water use reduction, and eco-friendly water purification options.

PRESENTOR(s)

Brian Tarallo – aka Green

PRESENTOR BIOGRAPHY(s)

Brian Tarallo provides consulting services for projects with LEED potential for a.k.a. Green Services. He holds an MBA with a concentration in Real Estate Development. He is a LEED Accredited Professional and focuses on LEED for New Construction, Core and Shell, and Homes. Tarallo has served in field management, land development, sales and marketing, and service and warranty for a major national home builder. He first practiced the principles of sustainable development as a U.S. Peace Corps volunteer in Guyana, South America.
